DIOCESE OF LITTLE ROCK

Auditor's Report and Financial Statements

June 30, 2021

Bishop Anthony B. Taylor

Dear Friends in Christ:

The financial report of the Diocese of Little Rock for 2020-2021 is published in this issue of *Arkansas Catholic* to give you access and insights into the financial state of the diocese.

The money managed by the diocese comes from various sources, but most of it comes from generous donors who trust us to use these resources wisely. We can only operate diocesan properties and programs through donations, grants, bequests, program fees and earnings from investments. Over the next four pages, you will be able to get an overview of our finances, which have been professionally audited.

I want to thank our diocesan finance staff, particularly its director Greg Wolfe, who work tirelessly to be good stewards of these limited resources.

Thank you for your generous support of our diocesan programs and ministries.

2021

Sincerely in Christ,

andy 5 gr

Independent Auditors Report

We have audited the accompanying financial statements of The Roman Catholic Diocese of Little Rock (the "Diocese") (a nonprofit organization), which comprise the statements of financial position as of June 30, 2021 and 2020, and the related statements of activities and changes in net assets and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Diocese's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Diocese's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion. **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Diocese as of June 30, 2021 and 2020, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements June 30, 2021 and 2020 (1) Organization and Summary of Sig-

nificant Accounting Policies

The Roman Catholic Diocese of Little Rock (the "Diocese") is the administrative office for the Catholic Church in the State of Arkansas.

The accompanying financial statements do not include the accounts of other activities in the Diocese, such as parishes, schools, parish cemeteries, Deposit and Loan Fund, Inc., Clergy Welfare Fund, Inc., and Monsignor James E. O'Connell Diocesan Seminarian Fund, Inc., for the years ended June 30, 2021 and 2020. These activities may or may not be separately incorporated under civil law; however, each is an autonomous operating entity which maintains separate accounts and carries on its own services and programs separate and distinct from the Diocesan administrative offices.

The following is a summary of the significant accounting policies used in the preparation of the accompanying financial statements:

Basis of Presentation: Financial statement presentation follows the recommendations of FASB ASC 958, Financial Statements of Not-for-Profit Organizations. Under ASC 958, the Diocese is required to report information regarding its financial position and activities according to two classes of net assets: net assets with donor restrictions and net assets with donor restrictions. Net assets with donor restrictions are those whose use by the Diocese has been limited by donors to a specific time period or purpose.

Cash and Cash Equivalents: The Diocese considers all liquid investments with original maturities of three months or less to be cash equivalents.

Due from Parishes, Affiliated Organizations and Others: The Diocese uses the allowance method to provide for estimated uncollectible accounts receivable. Management believes no allowance is necessary at either statement of financial position date. Receivable amounts are considered past due when one or more payments have been missed.

CASA Pledges Receivable: The Diocese conducts a pledge drive each year for the Catholic Arkansas Sharing Appeal, for which payments are received throughout the calendar year. A receivable is recorded each year for the amount of outstanding pledges as of June 30th. This receivable is considered fully collectable as subsequent collections consistently exceed outstanding pledges.

Investments and Net Investment **Income:** Investments in equity securities having a readily determinable fair value and all debt securities are carried at fair value. Other investments are valued at cost (or fair value at time of donation, if acquired by contribution) unless events indicate a permanent decline in value at which time the investment is written down to recognize such a decline. Net investment income includes dividends, interest and other investment income, realized and unrealized gains and losses on investments carried at fair value, and realized gains and losses on other investments.

Net investment income that is initially restricted by donor stipulation and for which the restriction will be satisfied in the same year is included in net investment income of net assets without donor restrictions. Other net investment income is reflected in the statement of activities as with or without donor restrictions based upon the existence and nature of any donor or legally imposed restrictions.

The Diocese maintains pooled investment accounts for its investable assets. Investment income and realized and unrealized gains and losses from securities in the pooled investment accounts are allocated quarterly to the individual funds and endowments based on the relationship of the fair value of the interest of each fund and endowment to the total fair value of the pooled investment accounts, as adjusted for additions to or deductions from those accounts.

Property, Plant & Equipment: The Diocese capitalizes property and equipment additions having a unit cost of \$4,000 or more. Property and equipment are reported at cost less a provision for depreciation on a straight-line basis over the estimated useful life of each asset ranging from five to fifty years.

Contributions: Gifts of cash and other assets received without donor stipulations are reported as revenue and net assets without donor restrictions. Gifts received with a donor stipulation that limits their use are reported as revenue and net assets with donor restrictions. When a donor stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions for activities as net assets released from restrictions.

Gifts of land, buildings, equipment, and other long-lived assets are reported as revenue and net assets without donor restrictions unless explicit donor stipulations specify how such assets must be used, in which case the gifts are reported as revenue and net assets with donor restrictions. Absent explicit donor stipulations for the time long-lived assets must be held, expirations of restrictions resulting in reclassification of net assets with donor restrictions as net assets without donor restrictions are reported when the long-lived assets are placed in service.

Revenue Recognition: The Diocese recognizes revenue when an arrangement or contract to provide goods or services exists, the transaction price is fixed or determinable, and the Diocese has satisfied its performance obligation per the arrangement. All such contract revenue is included in the statements of activities and changes in net assets as fees, advertising, and other revenue and rents.

Fees, advertising, and other revenues include income earned from the provision of various goods and services, including printed goods, advertisements, accounting and administrative services, spiritual and educational conferences, immigration services, and more. Rents include income earned from the leasing of the Diocese's land and buildings to retail tenants.

Revenue from accounting and administrative services, as well as rents, is recognized over time as the services are provided. Other contract revenues are recognized at a point in time when the good or service is provided. Approximately 35% and 38% of contract revenues were recognized over time during the years ended June 30, 2021 and 2020, respectively. Billings generally have payment terms of 30 days.

The Diocese records a contract asset when it has satisfied a performance obligation but billing has not occurred. The Diocese also records a contract liability

See **Notes** page 9

Notes

Continued from page 8

when payment is received prior to the related performance obligation being satisfied. The Diocese did not have any material contract assets or liabilities as of June 30, 2021 and 2020.

Income Taxes: The Diocese, a religious organization, is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and a similar provision of state law. Therefore, the Diocese does not file an income tax return in the U.S. federal or any state iurisdiction.

The Diocese follows the provisions of FASB ASC 740, Income Taxes. Management of the Diocese believes that the Diocese has taken no uncertain tax positions as of June 30, 2021.

Accounting Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Allocation of Expenses: Expenses are allocated between program and supporting activities by cost center. Expenses of program-oriented cost centers are allocated to program activities, while those of primarily administrative cost centers are allocated to supporting activities.

Reclassification: Certain accounts in the prior-year financial statements and footnotes have been reclassified for comparative purposes to conform to the presentation in the current-year financial statements.

(2) Investments

Depreciation expense for the years ended June 30, 2021 and 2020 was \$400,682 and \$409,628, respectively.

(4) Net Assets

The Diocese has internally designated substantially all of its net assets without donor restrictions for the following purposes, whereas external donors have placed restrictions on net assets with donor restrictions. Net assets consisted of the following as of June 30, 2021 and 2020: 2021

	2021	2020
\$	6,598,837	5,072,600

(5) Retirement Plan

The Diocese has a defined contribution retirement plan covering substantially all lay employees. The Diocese makes discretionary contributions to the plan which are allocated based on each individual employee's current earnings. Contributions to the plan were \$239,073 and \$253,157 for the years ended June 30, 2021 and 2020, respectively.

(6) Concentration of Credit Risk

The Diocese maintains cash in bank deposit accounts which exceeds federally insured limits. Cash exceeding federally insured limits totaled \$1,057,632 and \$2,043,222 at June 30, 2021 and 2020, respectively. The Diocese has not experienced any losses in such accounts and believes they are not exposed to any significant credit risk on cash and cash equivalents.

(7) Leases

La

Le

Operating leases arise from the leasing of the Diocese's land and buildings to retail tenants. Initial lease terms range from 5 to 50 years. The leases provide for increases in future minimum annual rental payments based on defined increases in the Consumer Price Index, subject to certain minimum increases

Investment assets subject to operating leases were as follows on June 30, 2021 and 2020:

		<u>2021</u>	<u>2020</u>
and	\$	2,504,716	2,504,716
uilding, at cost	_	101,977	101,977
-		2,606,693	2,606,693
ess accumulated depreciation		(101,977)	(101,977)
	\$	2,504,716	2,504,716

Future minimum rental payments to be received on non-cancelable operating leases contractually due for fiscal years subsequent to June 30, 2021 are as follows:

2022	\$ 43,506
2023	66,000
2024	66,000
2025	66,000
2026	72,000
Thereafter	 3,619,000
	\$ 3,932,506

Future minimum rental payments to be received do not include contingent rentals that may be received under certain leases as a result of tenant revenues in excess of specified amounts. Contingent rentals were not significant for the years ended June 30, 2021 and 2020.

(8) Fair Value Measurement

Under FASB ASC 820-10, three prioritized valuation inputs may be used to determine fair value at the measurement date: Level 1 - quoted prices (unadjusted) in active markets for identical assets or liabilities; Level 2 - observable inputs other than the quoted prices included in Level 1; Level 3 - unobservable inputs. There have been no changes in valuation methodologies during either of the periods presented, therefore no recognition of gain or loss is required for these financial statements.

Following is a description of the valuation methodologies used for assets measured at fair value:

Domestic fixed income: Valued using quoted market prices of identical assets on active exchanges when available. Otherwise, valued based on data from third-party pricing services, which generally use a market approach based on observable inputs such as reported trades, broker/dealer quotes, bids and offers, or benchmark yields, as applicable. Such inputs are considered to be equivalent to quoted prices on active markets.

Mutual funds: Valued at the net asset value of identical shares traded on active markets.

Capital stock (TNCRRG): Valued at estimated repurchase value determined using book value as reported in the investee's most recent audited financial statements.

The following table sets forth by level, within the fair value hierarchy, the Diocese's assets held for investment purposes at fair value as of June 30, 2021 and 2020:

	Fair Value Measurements at Reporting Date				
<u>June 30, 2021</u>	Fair Value	Level 1	Level 2	Level 3	
Investments:					
Domestic fixed income	\$ 19,853,661	19,853,661	—	_

<u>June 30, 2020</u> Investments:					
Domestic fixed income	\$ 16,972,066	16,972,066	—	_	
Mutual funds	18,325,867	18,325,867	—	_	
Capital stock (TNCRRG)	78,765		78,765		
	\$ 35,376,698	35,297,933	78,765		

(9) Paycheck Protection Program Loan

On April 17, 2020, the Diocese was granted a loan ("PPP Loan") from IBERIABANK in the amount of \$1,029,527, pursuant to the Paycheck Protection Program (the "Program") under Division A, Title I of the CARES Act, which was enacted March 27, 2020. On March 30, 2021, this loan was forgiven in full and paid off by the Small Business Administration. This forgiveness was recognized as revenue during the year ended June 30, 2021 and is included on the statement of activities and changes in net assets as PPP loan forgiveness.

(10) COVID-19 Pandemic

In February 2020, a novel strain of coronavirus began spreading in the United States, including areas of the country in which the Diocese operates. The spread of this virus has triggered volatility in financial markets and some business disruption. Although the effect of the outbreak is expected to be temporary, there is considerable uncertainty around the duration. The increased market volatility may negatively impact the Diocese's investment returns. However, the impact and duration cannot be reasonably estimated at this time.

(11) Subsequent Events

The Diocese has evaluated subsequent events through December 3, 2021, the date the financial statements were available to be issued.
